"WHERE LAND AND SEA

UNITE TO INSPIRE"

Cypress Bough Staff

Front Row: Jane Ann Elkins, treasurer; Janice Conte, assistant editor; Ken Kimura, editor; Janette Seyle, assistant treasurer; Frances Blackwood, makeup editor
Back Row: Mr. Strickland, financial adviser; Ralph Allen, advertising manager; Dorothy White, art editor; Gerrie Barber, circulation manager; Mr. Howlett, literary adviser; Denny Butler, snapshot editor; David Preyer, assistant circulation manager

Production, patience and perseverance were readily built into staff members as they raced against deadlines; but this book would have been impossible without the guidance of Mr. Howlett to whom we pay our tributes.

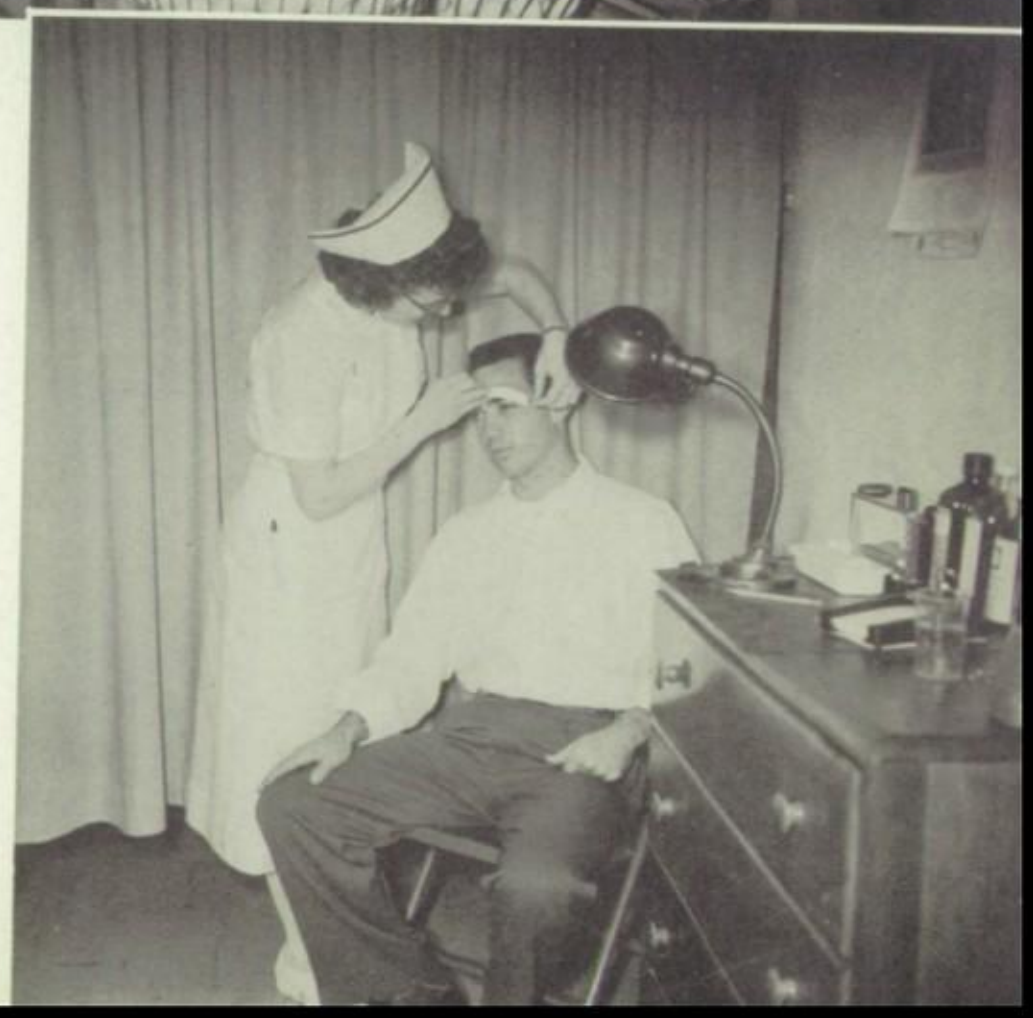
We earned

We spent more than 110,000 hours of physical labor in an effort to reduce that obese figure after the "Amount due" notation on the monthly statements. We enjoyed the opportunity to learn skills in the various work departments and to see how our services benefited others as well as ourselves.



Here we were patched up!

Miss Russell, school nurse, did a land-office business during the school year—all the way from poison oak (scratch, scratch) to broken bones (crack, crack). If it was simple first aid or major surgery, the clinic served better than even mother's kiss on a damaged digit

Feminine Gender

Here we found that a room, made cozy by our ingenious efforts, could begin to take the place of home; where we became acquainted with our "other mother" who helped us in all the little sorrows and shared our joys day by day, who guided us in morning and evening worship—one who constantly endeavored to make our home life the best possible for the development of Christian womanhood.

It's Study Period

Mary Eastman (reclining)—How she loved World History (?)

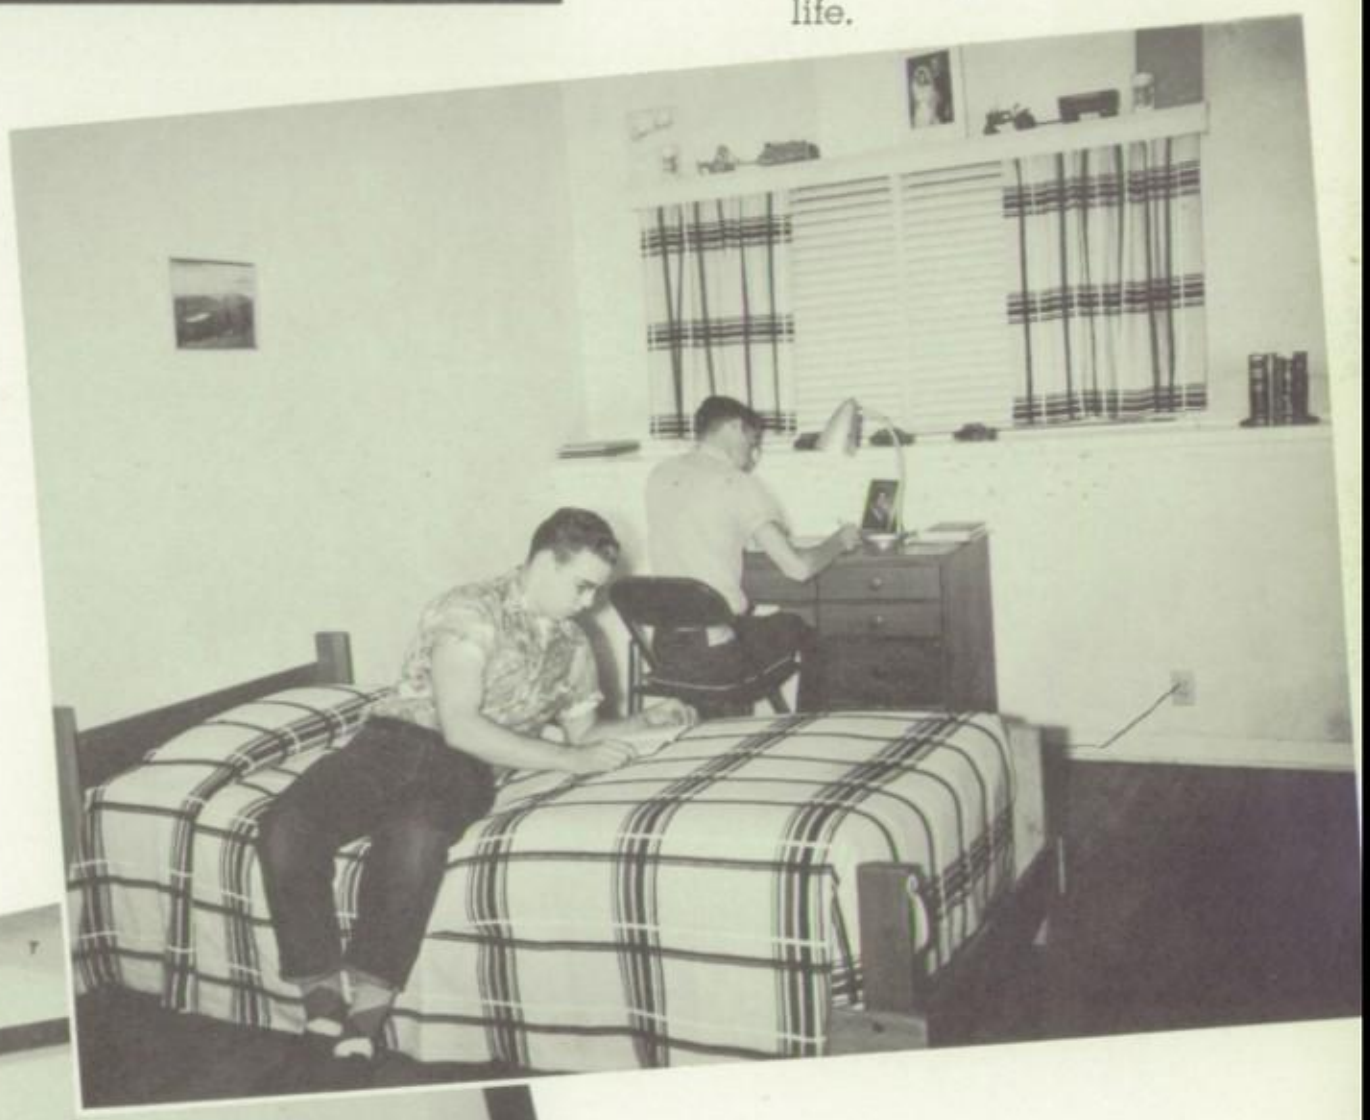
Kay Merrell—erect, feet on floor, light to the left=Concentration

Where girls relax

With soft comfortable chairs, a good book, and soothing music; what better place to enjoy friends

Masculine Gender

Boys, boys, boys—everywhere boys! Boys in the lobby, boys in the parlor, boys in the halls, boys in every room but their own, boys in worship, boys in prayer bands; occasionally, boys even in the dean's office! With 120 boys in the new dorm and about 30 in the annex, dorm life never knew a dull moment. But here we learned the rules of getting along with others, one of the most important lessons of life.



Only Half a Room

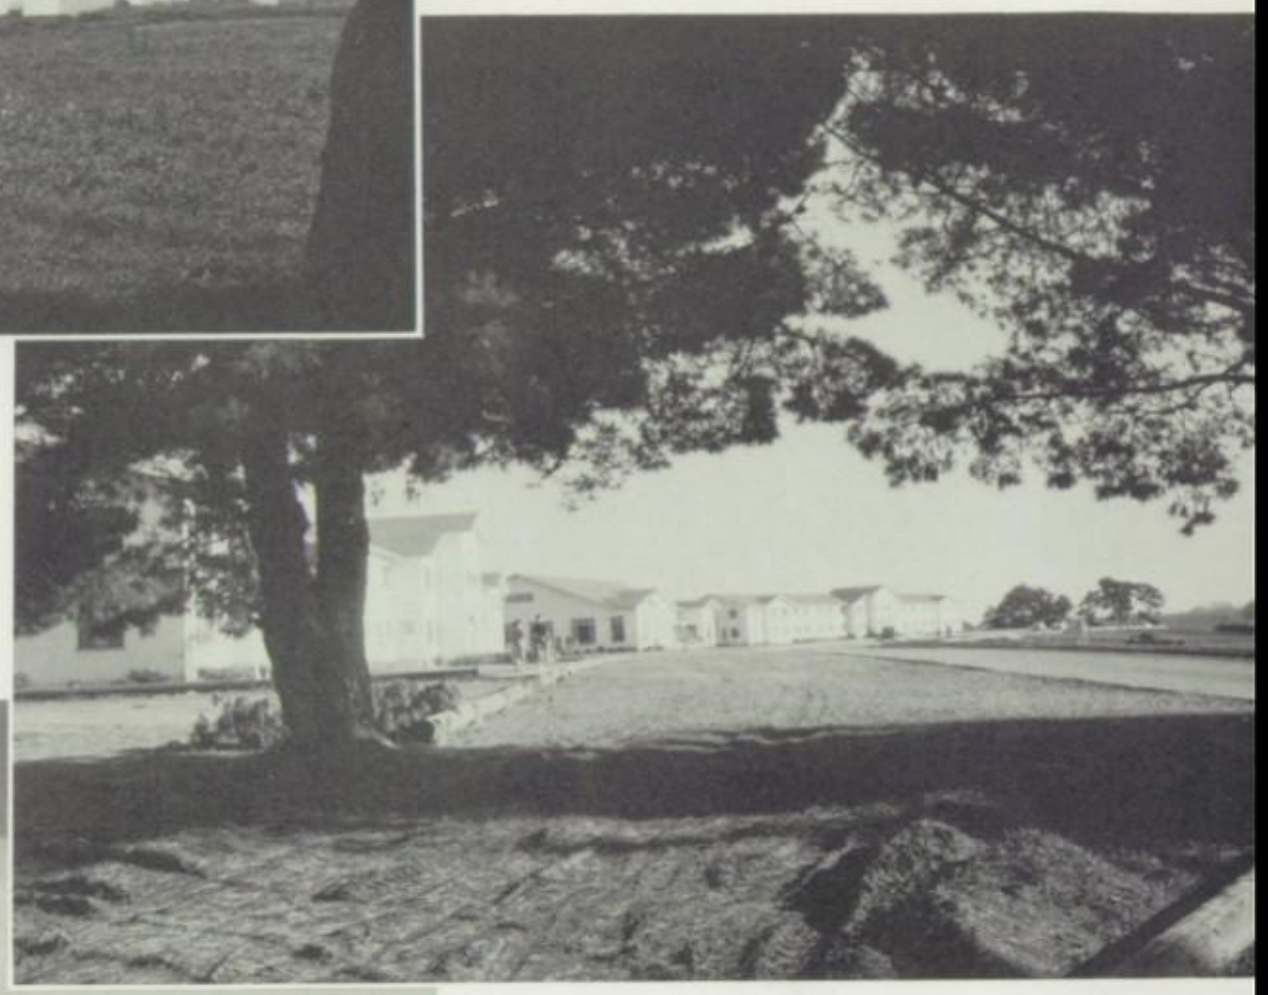
The other half was just as inviting. Roy Peters abandons his desk for the sake of picture composition while Myron Whiting focuses his memory on key texts

We Raised the Roof

Boys can sing—and how we did enjoy it in our worship room morning and evening as we received help for each new day and left our cares at the end of each old one

In Barracks No Longer

We're proud of our new Administration Building, with its beautiful lobby, administrative offices, Hoskins Memorial Library, 500-seat Baker Chapel and music department

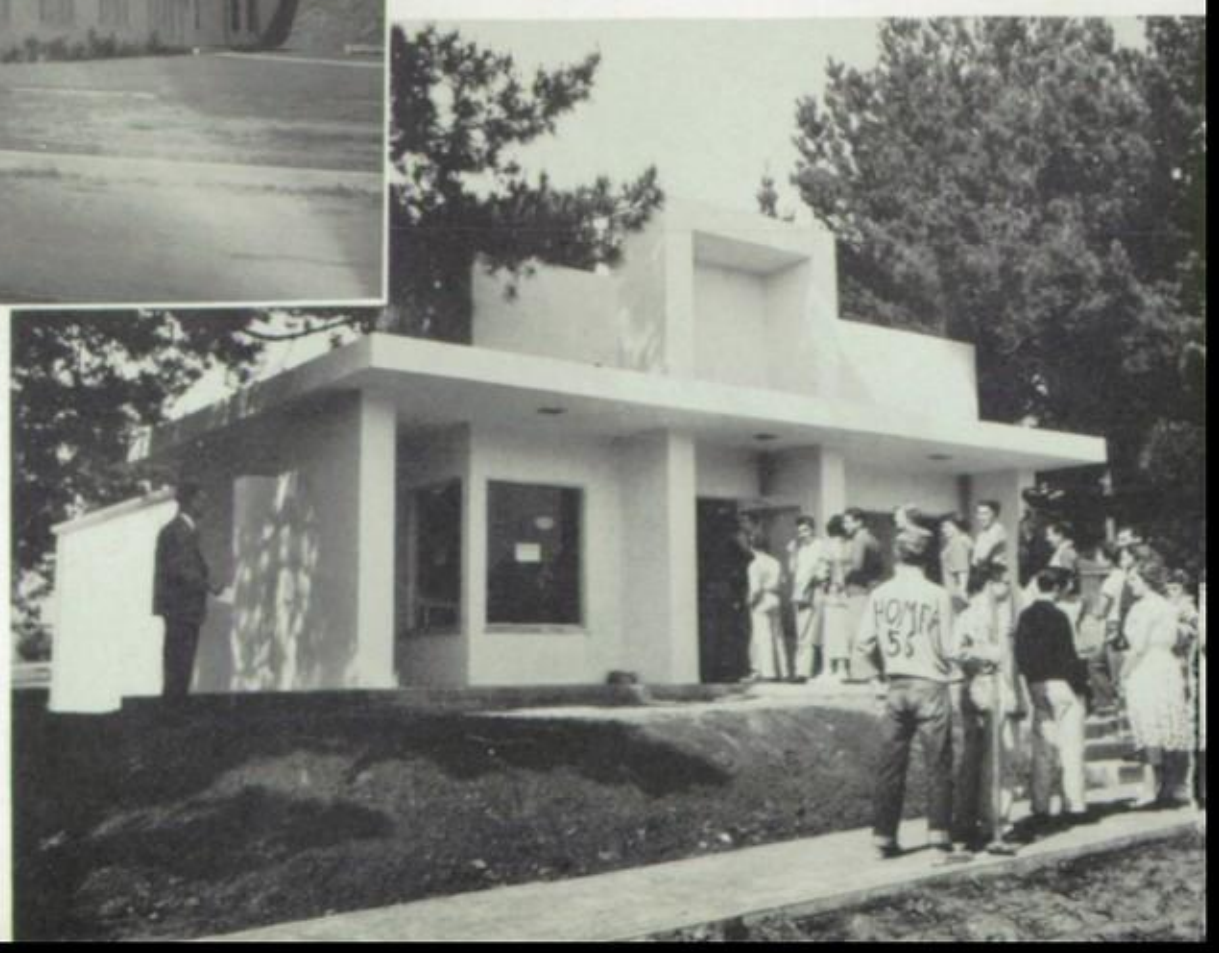


The Panorama

Looking to the south from the girls dormitory, past the cafeteria to the boys dormitory, with their view overlooking the red-tiled roofs down to the blue Pacific

Dining With a Million-Dollar View

In our cafeteria we found the "pause that invigorates" as we nourished our physical bodies with that which our anatomies inexorably demanded



Our Newest

What a transformation from old library to new store, situated between the trees facing south toward our new ad building

These were conducive

to help us form study patterns which our elders hope will become an inherent part of our daily habits throughout life.

We are justly proud of our new Hoskins Memorial Library, situated in the south wing of the Administration Building, with its more than 2000 volumes, and leg room for 80 studious (?) aspirants of learning, making it the best academy library in our denomination, so we've been told.

Sabbath School Leaders

These helped us to raise our voices in praise to our Creator each Sabbath morning as our minds were pointed back by the secretary's report, far away by the mission story, to the present by the lesson study and forward to the preview of the following week. How we enjoyed the variety of musical numbers!

FIRST SEMESTER—Around piano: Janette Seyle, Mrs. Howlett, Wilma Kurtz, Myron Whiting, Mel Rub, Ronnie Laub, Janet Plummer, Roy Peters, Louanne Waterman

MV Guides

The Sabbath afternoon song service, the comfortable seats after a long, brisk walk to the woods or to the beach in God's beautiful out-of-doors, the opportunities for the development of student talents, the Bible quizzes, or the guest speakers, all merged to bring us to a fitting close to another Sabbath day, inspiring us to new heights of endeavor each successive week.

Foreign Missions Band

Our horizons were broadened, our hearts were extended to include those in the far-away places of earth who are carrying this gospel to all the world. Letters received and read, the firsthand experiences of returned missionaries, kindled in our own hearts the desire to prepare ourselves for service over the horizon of any ocean where He might call.

School Council

As every organization has a nucleus around which to function, so the School Council is the heart of school activities at MBA. Three important projects carried on by the council were contributions of $250 each to the band uniform fund, trampoline and purchase of bleachers for the ball field. A recreation room was also furnished with games. Outstanding programs directed by the council were the Amateur Hour, the Autumn Festival, Academy Day and the All-School Banquet, which featured the crowning of King and Queen Courtesy, Roy Peters and Bonnie Comb. Committees sponsored by the organization are the spiritual betterment, program and social cultural committees.

Prospectors Club

Prospectors all

Modern prospectors of MBA find their treasure in enrolling and interesting students in the school. Each year a Prospector's banquet is held at which time cash prizes and school pennants are awarded to those students who have earned the most points.

Prize winners in 1954 were Betty Laub, first place, who received $25.00 credit, Cathy Lorenz, second prize, and Rae Hacker, third, who were awarded $15.00 and $10.00 respectively.

International Relations

In our generation the world is becoming increasingly smaller. The events transpiring in Dien Bien Phu will affect our way of life. We sought to gain a better understanding of the world around us by listening to newsmen, missionaries and viewing films. To interpret those events as signs of His soon-coming was our aim.

Foto Fiends

"Why do I get only one good picture out of a whole roll of film?" Ask the experts, for they were all in the photography club. Learning the rudiments of photography as to the different types of cameras, essentials of good composition and the sponsoring of the Cypress Bough Picks the Pix contest kept about 50 students happily occupied.

Saturday nights! Sunday afternoons and Wednesday evenings. Besides the regular Physical Education classes, we enjoyed the invigorating exercises of youthful strength in outdoor and indoor games.

With the choice of ball field, gym, play house or recreation hall, there was some form of physical exertion for every student, to relieve the tension and routine of a crowded schedule counted by minutes.

Our new trampoline was in constant demand by a long line of those who wished to learn how to dive on dry land!

They Guided

MBA without teachers? MBA without students? Never! Only by a close harmony existing between those who led and those who learned did MBA achieve its best school year. These endeavored to aid us, in classes, in prayer bands, in recreation, in social and spiritual activities. They have merited a permanent spot in our memories.

We Dedicate

Don with Dad and Mother

To one whose very personable presence creates the atmosphere of Christian geniality, whose wise planning and organization during five years have transformed Camp McQuaide from an Army camp to Monterey Bay Academy, the largest, strictly boarding school of the Seventh-day Adventist denomination;

To one who is respected by students and faculty, always willing to lend an understanding ear to problems of students, teachers or parents;

To one who is just and unafraid to explain his stand; who can "unbend" and yet knows where to draw the line, always willing to step in wherever there is need;

To you, Principal David J. Bieber, the "mainspring" of MBA, we, the Cypress Bough staff, students and faculty, wholeheartedly dedicate this 1954 Cypress Bough. You richly deserve it.

We All Went Through It

Pathfinders Club

Trim uniforms enhance the appearance of the 19 Pathfinder members who have engaged in many club actvities, some of which have been in cooking, stamp collecting, textile painting and woodwork. Field trips also have been made to Moffett Field and the Monterey Peninsula.

Meetings are held every Monday and are often spent in the progressive classwork, marching practice and the clubs. Mr. William Moffat sponsors the club and is assisted by Mr. Charles Hanson and Miss Dorothy Russell.

Investiture services also were held in Watsonville on March 19, at which time Elder Henry Bergh invested 5 Friends, 1 Companion and 3 Guides. Several vocational honors also were given out.

"Pathfinders, attention!"

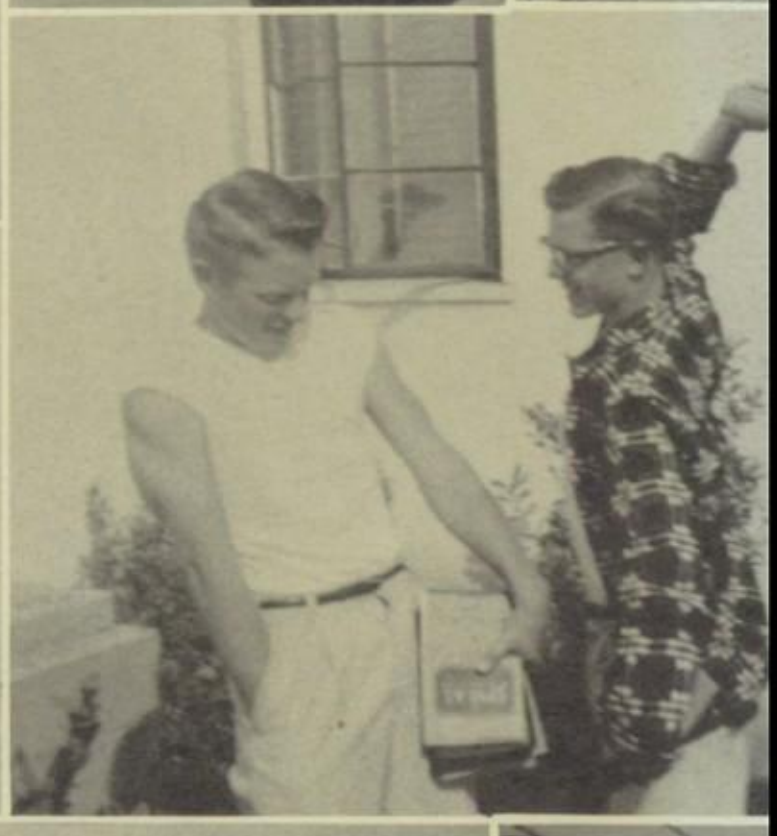
The foresight of these men, coupled with an earnest desire to provide for the needs of Monterey Bay Academy, prompt the students of Monterey Bay Academy to say, "Thank you."

Just as the weary traveler stops to survey the trodden path, so we of the Cypress Bough staff cease from our journey to peer at our accomplishments, feeble though they may seem, in attempting to provide a chronicle of a year of your life at the school by the sea. This book is yours. Pleasant memories!

Staff

Dear Betty,
I'm sure you will be
happy at college. Just
remember, Roanoke
was the best four
years of my life.
Love,
Judy



Dear Betty, nice
to hear from you. Hope
